

PROJECT BUDGET (RE) CONNECT

Wednesday May 26th
SF Civic Center Plaza 2pm

Join families, tenants, seniors, and many others at Civic Center to **reconnect** the City's budget to the needs of everyday people.

We won't settle for a "cuts only" budget—we're turning up the pressure for one that protects the resources our neighborhoods need to survive, cuts real waste, and taxes extreme wealth.

Wear black for a procession around City Hall—
mourn the passing of SF as a city of opportunity and hope.

We are on the move to save our City—
On-the-spot training and lobbying of public officials
